

We can print from original artwork supplied to us in all the most popular formats, and can offer free friendly advice on the most suitable format for your printing job.

Digital Artwork:

If possible, we would ask you to supply digital artwork in the following formats:

- High resolution PDF (Adobe Acrobat X and below) single pages with 300dpi images, fonts embedded, 3mm bleed and crop-marks.
- Quark/Indesign document with all supporting documents, files and fonts supplied. (If fonts cannot be supplied, please convert all text to paths.)

We are able to accept the following media:

- CD or DVD
- USB Memory Stick
- Hard Drive
- E-mail: carole@randrprint.co.uk
- You can upload artwork via the 'FTP Upload' button at the top of our home page at: randrprint.co.uk

Please compress (ZIP or Stuffit) all files before sending by email or FTP. This speeds up the process and avoids files becoming corrupt.

Artwork Programs:

- Quark Express - Version 9
- Adobe In Design CS5.5
- Adobe Illustrator CS5
- Adobe Photoshop CS5
- Microsoft Office 2010
Word
Publisher
PowerPoint
Excel

Please note any RGB artwork will be subject to colour variation when converted to CMYK for printing.

Notes:

Please set 3mm of bleed on every page if any elements of your design touch the edge of the document.

Please supply a current black/white or colour proof with any submitted artwork, together with additional information such as Pantone references and a list of fonts used.

Colour photos should be scanned in, size for size at 300dpi, and saved as CMYK.

If required we can scan your original photos or transparencies for you and drop them into artwork provided on disk (costs apply).

Large Format:

We would recommend you to supply digital artwork in the following sizes and resolutions:

Artwork Size	Image Resolution	Bleed
100% size	150dpi	10mm
50% size	300dpi	5mm
25% size	600dpi	3mm

Pop-up or multi-panel artwork should be supplied as a single piece of artwork to be split into panels when printed.

For further information or advice on any supplied artwork, please contact the Studio on (01909) 500444.
